How Is Testing Supposed to Improve Schooling? 1
Edward Haertel

COMMENTARIES

How is Educational Measurement Supposed to Deal With Test Use? 19
Lyle Bachman

Teacher Evaluation as Trojan Horse: The Case for Teacher-Developed Assessments 24
Derek C. Briggs

Educational Testing and Schooling: Unanticipated Consequences of Purposive Social Action 30
George Engelhard, Jr. and Stefanie A. Wind

Lies, Damn Lies, and Tests 36
Mary Garner

Commentary on E. Haertel, "How Is Testing Supposed to Improve Schooling?" 40
Daniel Koretz

The Need for a Principled Approach for Examining Indirect Effects of Test Use 44
Suzanne Lane

Measurement is a Necessary but not Sufficient Frame for Assessment 47
Robert J. Mislevy

Why Lessons Learned From the Past Require Haertel's Expanded Scope for Test Validation 50
Lorrie A. Shepard

How Is Testing Supposed to Improve Schooling? Some Reflections 55
Dylan Wiliam

How Is Testing Supposed to Improve Schooling If We Do Not Evaluate to What Extent It Improves Schooling? 60
Kadriye Ercikan

The Epidemiology of Modern Test Score Use: Anticipating Aggregation, Adjustment, and Equating 64
Andrew Ho

REJOINDER
Expanding Views of Interpretation/Use Arguments 68
Edward Haertel

Volume 11, Number 3, 2013

Goodness-of-Fit Assessment of Item Response Theory Models 71
Alberto Maydeu-Olivares

COMMENTARIES
IRT Model Fit Evaluation from Theory to Practice: Progress and Some Unanswered Questions 102
Li Cai and Scott Monroe

Purple Unicorns, True Models, and Other Things I've Never Seen 107
Michael C. Edwards

Goodness of Model-Data Fit and Invariant Measurement 112
George Engelhard, Jr. and Aminah Perkins

A Model-Based Approach to Goodness-of-Fit Evaluation in Item Response Theory 117
Daniel L. Oberski and Jeroen K. Vermunt

The Meaning of Goodness-of-Fit Tests: Commentary on "Goodness-of-Fit Assessment of Item Response Theory Models" 123
David Thissen

REJOINDER
Why Should We Assess the Goodness-of-Fit of IRT Models? 127
Alberto Maydeu-Olivares

Volume 11, Number 4, 2013

FOCUS ARTICLE
Construct Maps as a Foundation for Standard Setting 139
Adam E. Wyse

COMMENTARIES

Construct Maps for the Road Ahead 171
Michael B. Bunch

Construct Maps: Do They Make the Unclear Clear? 174
Susan Davis-Becker

The Role of Construct Maps in Standard Setting 177
Michael T. Kane and Richard J. Tannenbaum

Commentary on "Construct Maps as a Foundation for Standard Setting" 181
Neal M. Kingston, Gail C. Tiemann, and Jessica T. Loughran

Construct Maps: A Tool to Organize Validity Evidence 185
Katie Larsen McClarty

Teeter-Totters Have Two Ends 189
W. James Popham

What is Essential in Standard Setting and Construct Maps? Commentary on Adam E. Wyse's "Construct Maps as a Foundation for Standard Setting" 192
E. Matthew Schulz

Coming Full Circle in Standard Setting: A Commentary on Wyse 195
Gary Skaggs
